Freshmen didn't have to wait very long this semester to be introduced to the court. First Night Down, traditionally the first weekend when Davidson freshmen are allowed onto Patterson Court, occurred early this year with the scheduling of Homecoming. After only a few weeks of college life the class of 2011 got to see what college is really all about. Various Fraternities and Eating Houses welcomed the Freshmen with the rest of the student party with loud music, dancing, and the traditional pancake feast at Figi. Another First Night Down experience that will be remembered by all.

International Festival

On October 27 the Davidson International Association (DIA) hosted the International Festival in the Alvarez Union. Open to Davidson college members and surrounding communities, this event featured cultural displays and performances by students and community organizations. A selection of international foods was also served to enhance the cultural experience. As a college community Davidson encourages cultural awareness and a continued understanding and respect for people around the world.

Spring Student Life

Davidson in the Spring

Self Selection

Following tradition, eating houses welcomed their newest members with gusto during the first weekend of spring semester. The houses paraded through freshman halls early in the morning, waking up their members with a special breakfast at the house. Later freshmen were covered in shaving cream, sundae toppings, and condiments, and enjoyed dance parties at each of the houses. Not to be outdone, many fraternities celebrated by covering their newest members with condiments and leading them on a "run" through the various eating houses. The weekend continued with sisterhoods and new member events at the houses. The weekend was a great way to celebrate new members and the beginning of spring semester!

Spring Student Performances

Davidson students lit up the stage this spring. In January, Davidson students partnered with the Davidson Community players to produce *Jack and the Beanstalk* which delighted children and adults alike. Then, in February, actors performed a contemporary, musical version of Moliere's classic *Scapin*. The play was performed in Tyler Tallman hall, and received rave reviews as the "funniest play ever performed at Davidson." In April, the Duke Family Performance hall was host to *Waiting for Lefty*. This play, set during the Great Depression, was described by audience members as being "moving and poignant." Throughout the semester, students also performed in multiple theater class productions, and Davidson's A Capella groups graced the stages with their humor and beautiful tunes.

Royal Shakespeare Company

This spring, the Royal Shakespeare Company visited Davidson for their sixth annual four week residency. Their primary goal was to develop a brand new work, *Little Eagles* by Rona Munro. This gave Davidson students and faculty the unique experience of viewing the creative dramatic process. RSC members also participated in a variety of academic symposiums and theatre workshops with Davidson students and community members.

SPRING BREAK

Spring break came in late February this year, but the early timing didn't prevent Davidson students from spending the week in a variety of ways. Students went on Davidson sponsored service trips to New Orleans, Immokalee Florida, and rural Appalachia. The spanish hall went on a trip to the Mexican-American border, and students went on a reverse mission trip to Nicaragua.

There were many academic trips as well: an anthropology trip to Guatemala, a French trip to Quebec and a biology trip to California. Many students went to the beach, went on road trips, took trips home, and traveled to Charleston for the SoCon basketball tournament. Regardless of the destination, students took full advantage of this week away from school!

NCAA Elite 8

The Davidson Wildcats' amazing run to the NCAA Elite 8 captivated the student body, the town, and the nation. Davidson lived and breathed basketball for a month, as teachers canceled class, sheets were hung all over town, and singing *Sweet Caroline* became the only way to get our attention. Hundreds of fans traveled to Raleigh to watch Davidson upset Gonzaga and Georgetown in two come from behind victories. Then, almost half of the student body traveled to Detroit thanks to the generosity of the Davidson trustees. While in Detroit our Wildcats advanced to the Elite Eight bracket, something that had not been done since Lefty Driesell coached Davidson in 1969. Wanting to share our excitement, the CBS Early Show came to film at Davidson, Good Morning America filmed from the Detroit hotel, and Stephen Curry appeared on Conan O'Bryan. Davidson College was the most searched item on Google, while bookstore sales increased 2000% as the wildcat name became famous across the country. This was one season we will never forget. For Davidson fans, *Good Times Never Seemed So Good!*

Spring Frolics

Keeping with tradition, Spring Frolics of 2008 opened with a Friday afternoon barbeque at Rusk under the Jimmy Buffet theme, Cheeseburger in Paradise. Saturday the Union Board turned the scorching 90 degree day into a festival accompanied by inflatable water slides and jousting tournaments.

SPRING UNION EVENTS

Pictured here are spring guest speakers who appeared at Davidson including Pulitzer Prize-winning novelist Michael Chabon (top right), author Thomas Mallon (second from top on right), scientist Angela Belcher (third from top), and Rev. Robin Hoover among many others.

Graduation

Over 5000 people gathered on Chambers lawn to celebrate the graduation class of 2006. President Tom Ross presided over his first commencement, speaking on the value of "knowing what you don't know." Professors John Wertheimer and Malcom Cambell recieved the Hunter-Hamilton Love of Teaching Awards, Susan Abbot and Elizabeth Henry recieved the Algernon Sydney Sullivan Award for contributions to campus life, and Halley Aelion and Brenna Burns recieved awards for first and second honors, respectively. After the awards, the graduates travelled one by one to the stage to recieve their diplomas. Family, friends, and faculty clapped and cheered, and afterwards celebrated with the new Davidson Allumni.

The perks to being a Senior '07-'08:

1. You don't have to leave the comfort of your building for a party
2. You get to keep that \$300 enrollment deposit and your parents will never know
3. Free food (and alcohol) at sponsored events
4. You don't have to deal with freshmen at the Brickhouse and 21-year-old night, like you do at the Court
5. You're fully enrolled with only 3 classes
6. Most of your classes are seminars, so you probably have 5-day weekends
7. You feel like you can actually tear your professors apart in course evaluations, and they can't do anything about it.
8. You get to sit back and let other people take over club leadership
9. We're the first class to have President Ross sign our diplomas

Back in the Day (a.k.a. Freshman year) remember when...

- Joel's, not Bonsai, was on Main Street, not in Mooresville
- We used to be able to watch movies in Perkins (not Hance) and all over Chambers
- Commons was claustrophobia-inducing (and don't forget the separate sandwich and pizza room! Now we have a parfait and stir-fry bar)
- The Waffle-makers mangled your waffles
- Kappa Sig was off campus
- Cat Cards listed your birthday
- CoHo had their own cook & members & stuff
- The Union didn't have a printer
- The Black-Eyed Peas came to Davidson
- There was a deli where Kudzu is now (well, Kudzu is gone too)
- The gnome shop took up a block of Main Street (wait...it's STILL there.)
- We had that great basketball player, Logan Kosmalski

...

- We didn't look dwarfed by the football stadium bleachers
- Tomlinson was still unofficially referred to as West
- CVS and Ben&Jerry's didnt take CatCard
- Dean Rusk was across the street
- We had bulky, unstylish CatCups
- Facebook was the hot NEW thing
- Dean Marsicano worked in RLO
- Freshman didn't live in Watts
- All of Little and 3rd Watts were sub-free
- If you didn't have Verizon you didn't get service (or is that still true?)
- Tuition, Room and Board was under 40k a year
- Cookout wasn't so conveniently close
- That kid drove that golfcard to WaHo?
- The Outpost was just a thing of the past
- Bobby Vagt was President

Alpha Phi Alpha

Eight founding members established the Davidson College chapter of Alpha Phi Alpha fraternity in December of 2003. Founded in 1906 at Cornell University as the first intercollegiate Greek letter fraternity established for African Americans, Alpha now includes more than 900 chapters nationwide. It maintains both college-based and alumni affairs and emphasizes lifelong commitment. Once student members graduate from college, they may apply to join alumni chapters. Alumni chapters conduct a high level of service activity and closely support the college chapters.

ha demands that members
 maintain a 2.5 GPA, a tougher
 requirement than the 2.0
 standard of Davidson's six other
 nationally affiliated fraternities
 and five eating houses. Alpha
 requires members to be
 registered voters and to
 participate in its national voter
 registration and monitoring
 community service programs.

Student Organizations

ACAA

The Asian Cultural Awareness Association (ACAA) was created to establish and maintain a spirit of solidarity among Asian American students of Davidson College. ACAA is committed to the promotion of awareness within Davidson College of the contributions of the Asian/Asian-American population. ACAA provides an outlet through which all Davidson College Students, Asian or non Asian, can explore and cultivate their interests in Asian and Asian-American culture. Our highlight activities include Asian Awareness week, the celebration of the Lunar Year, and a host of other co-sponsored activities along with constant community involvement.

Androgyny

Androgyny is Davidson College's premier (and only) co-ed a cappella group. This year, the group performed for Live Thursdays, sang for admissions and for charity, recorded a CD,

serenaded everywhere from the Union to Waffle House with impromptu concerts, and beguiled the Davidson student body with its co-ed charm and good looks.

BSC

The Black Student Coalition (BSC) serves as a venue, primarily for, but not limited to, students of color at Davidson to express their cultural heritage. Along with the

support and participation of the wider community, we seek to spread awareness and education about the cultural, political, and social needs of those in the black community.

Building Tomorrow

Building Tomorrow is an international non-profit that works to build and support educational infrastructure projects for vulnerable children in sub-Saharan Africa. The Davidson College Chapter of Building Tomorrow spent the last year raising money towards our goal of \$35,000 that we need to build a primary school in Uganda. They also work to increase campus awareness of the importance of education in breaking the cycle of poverty.

By the end of the Fall semester, Building Tomorrow had accumulated so much support that they were able to mobilize much of the student body to vote daily for the GrabLife GiveLife campaign sponsored by Dodge. As a school of 1,700, Davidson College accumulated 10,000 votes from students resulting in a \$1,000 check for Building Tomorrow.

Through events like the 46 for 46 campaign, Building Tomorrow illustrates the vast education gap in sub-Saharan Africa. For one day, 46 Davidson students wore shirts with a red X symbolizing the 46 million children in sub-Saharan Africa that don't have access to an education. The exhibit of art and photography by Davidson students, *The Children of the World: Through the Eyes of Your Peers*, displayed the multifaceted reality of many children in developing countries. While raising money through the sales of the artwork, the exhibit humanized the lives of children in need of change.

Libertas

Here stands, immortalized, a part of what we call Libertas. We are a student magazine that encourages individual voice through fiction, non-fiction, poetry, photography, graphic design, and any other artistic media you can think of. We are attempting with every issue to achieve a more aesthetic synthesis of image and student thought, while the fact remains that as time passes, no one likes us as much as we like ourselves.

prizes by answering challenging trivia questions about geography, culture, landmarks and other categories from the world over. As part of our outreach DIA holds an annual Multicultural Kids Day in conjunction with Ada Jenkins to promote international awareness among younger members of the community. Additionally, the Fall of 2007 marked DIA's first International Film Festival which showcased a variety of international films such as the German Oscar-winning film, *The Lives of Others*, the Korean hit *Old Boy*, the infamous Russian film *The Italian*, and Penelope Cruz's *Volver*. These students, originating from more than ten other states and countries, reflect the diversity of the Davidson student body. Not only are the members diverse in their backgrounds, but they are diverse in their interests and career pursuits as well. The orchestra is an excellent opportunity for students, regardless of their major, to rehearse and perform in a collaborative atmosphere

The DCSO performed five full concerts in the 2007-08 season entitled Reveries, Fates, & Paramours:

PS Student-Run Restaurant

P.S. Student-Run Restaurant is Davidson College's own completely student-run restaurant and catering group. Roughly a dozen volunteer chefs, waiters, waitresses and decorators produce an event once a month for the Davidson College community. Serving up themed multi-course dinners or tasty appetizers and desserts, the group often partners with many of Davidson's other organizations including ACAA, the Music and Classics departments, Building Tomorrow, Dean Rusk, OLAS, Timmy Foundation, Warner Hall, Rusk, and The Free Clinic of Our Towns to raise money and awareness for many causes. Tickets (which are sold at the price of one meal on the student's meal plan) always go fast and the restaurant has been mentioned in Rachael Ray's "Everyday with Rachael Ray" magazine and has been featured in Lake Norman Magazine.

This year in particular, PS produced several successful benefit dinners, a cooking demonstration by award-winning cookbook author Clifford A. Wright, and other gourmet dinners for the student-body. The benefit dinners consumed most of P.S.'s energy this year.

Cosponsoring with ACAA to aid the victims of sex trafficking, PS catered hand-rolled spring rolls, Thai basil noodles and lime-sesame bananas to over 200 guests in the Lily Family Gallery. This was the first PS-sponsored charity event of the year. The group, led by Catherine Knepp and Grace Mitchell, also catered the desserts for the Red and Black Ball to raise money for organizations at home and abroad tackling AIDS issues and served a three course dinner for the Timmy Foundations Bailemos function.

Reformed University Fellowship

Reformed University Fellowship (RUF) is a popular on-campus ministry group for Christian students. This year, the Mens Ultimate team had yet another successful season, highlighted by their participation at the largest annual ultimate tournament of the year in Las Vegas, NV. Out of 80 teams, Davidson finished 14, getting knocked out by the eventual champions, Wisconsin. In April, senior Britt Mercadante captained the team

to their 4th consecutive appearance at Atlantic Coast Regionals, where they fell short of their goal of qualifying for the National Championships. With breakout players Gray Hoffman ('11) and Matt Baum ('10), the team appears poised to achieve great things in the years to come.

Womens Ultimate Frisbee

The Davidson womens ultimate team had an especially successful season. The team won the Chucktown Throwdown tournament in Charleston, placed second at Clemson University's tournament, placed third in the North Carolina Sectionals, and placed ninth at Atlantic Coast Regionals. Timmy Foundation

The Timmy Foundation is committed to bringing global healthcare to developing communities, with the goal of helping one child at a time. With that end, our club is involved in a couple primary functions. During the fall semester, our primary efforts are centered around organizing and executing

our trip to Quito, Ecuador. We fundraise to buy large amounts of medicine, recruit medical professionals, and have medicine donated for our trip. We also recruit a group of around 10-15 Davidson students that will meet up with these medical professionals in Quito, Ecuador to serve as a mobile medical brigade. The Timmy Foundation is committed to

bringing global healthcare to developing communities, with the goal of helping one child at a time. With that end, our club is involved in a couple primary functions. During the fall semester, our primary efforts are centered around organizing and executing our week-long service trip to Quito, Ecuador. We fundraise to buy large amounts of medicine, recruit medical professionals, and have medicine donated for our trip. We also recruit a group of around 10-15 Davidson students that will meet up with these medical professionals in Quito, Ecuador to serve as a mobile medical brigade. We visit multiple communities, setting up working clinics that diagnose, prescribe, and treat patients from the local communities. We bring nearly \$20,000 worth of medicine that is dispensed to some of the poorest communities in Ecuador, and normally treat between 500 and 800 people in 4 days of service work. The Timmy Foundation organizes all of its college chapters to go on similar trips, so that every three months there is another brigade that can refill prescriptions and offer continuous aid. And, then in the spring most of our efforts revolve around fundraising, primarily towards the regional hospital that our in-country partner, Tierra Nueva has committed to building.

Editors' Note

As the 2007-2008 yearbook editors, we feel privileged to have witnessed and documented a monumental year in Davidson history.

This academic year was marked by a variety of unprecedented historic events. As we observed the end of the Bobby Vagt era we welcomed the presence of our new college president, Tom Ross. And what a welcome it was! During Parents Weekend faculty, students, and parents alike turned out to see a much taller president be inaugurated into the faculty. The day-long celebration was filled with pomp and circumstance, and plenty of free food. Later that semester, with the help of the Second City improve troupe, our president was given the early nickname Tommy-Tommy Ross and thus President Ross became a true Wildcat.

While the new presidency characterized the fall semester, basketball characterized the spring semester. Wearing the Cinderella Slipper, our school of 1700 proved it could compete with and defeat perennial powerhouses Gonzaga, Georgetown, and Wisconsin. As we advanced to the Elite Eight games in Detroit more and more attention was given to our little college. Students and faculty alike entered the spotlight with as much class as any seasoned champion, maintaining the poise and composure that has defined Davidson since 1837.

We thourouly enjoyed creating the yearbook during this monumental year. As editors, we spent countless hours designing the book, gathering photos, piecing together pages, and communicating with the publisher. We also enjoyed napping in the office chair, arranging the office, pushing heavy carts of yearbooks up the hill to Chambers, eating Lindsey's endless supply of care packages, and learning our lefts and rights. We hope this edition of Quips and Cranks serves as a lasting testimony to this incredible year in Davidson history.

The 2007-2008 Quips and Cranks was published by Jostens Publishing Company at their Winston-Salem, NC plant. The 288 page book was printed on 80 lb gloss paper. The primary font is Korinna, and all photos were taken with various digital cameras or scanned from film cameras. All layouts were created using Jostens' online program Yearbook Avenue. Student Portraits were taken by Lifetouch, Inc, and many photos were provided by College Communications and Sports Information. Yearbooks are mailed to students in the fall semester of the following school year.
